

SOUTH BAY STEM ASSOCIATION VOLUNTEER CONTRACT

1. All absences from volunteer activities excluding organization meetings must be reported 24 hours in advance. Proper conduct and behavior is required at all organization meetings and volunteer sessions. Electronic devices such as phones are not permitted for external use beyond session content. Failure to comply will result in probation.
2. Activity hours vary in accordance to the course/sector of the volunteer. All volunteers are expected to attend to their own sessions, preferably choosing based on their personal experience and abilities. Any mismanagements or dishonesty will result in penalties and inspection of volunteer status, and an appeal will be required to return the volunteer's position.
3. Volunteers applying for board positions are expected to meet prerequisites (ex. two semesters of volunteering). The full list of prerequisites can be found in the [Board Member Contract](#).
4. Volunteers are responsible for their own safety and health, and any urgent issues should be reported immediately to the organization for evaluation and review. Health and safety hazards will not be counted as absences, and the volunteer will be given opportunities to make up for any lost hours.
5. Gmail and Sign Up Genius. All emails and updates are advised to be checked as soon as possible by volunteers in case of emergency, cancellations, and changes. Please contact all issues through email to volunteer@southbaystem.org.
6. Meetings and activities will typically not take place on breaks or popular holidays for volunteers. If available, volunteer hours will be doubled during such a timeframe.
